STAKEHOLDER IDENTIFICATION QUESTIONNAIRE

Project Title:	Mary's Consulting – New Company Website	**Date Prepared:**	May 6, 2026

Purpose: Use this questionnaire to surface every group or individual who may affect — or be affected by — the project. Answer broadly; the team will analyze and consolidate the list afterward.

1. Who authorized the project and approves its funding?	Mary (CEO) is the project sponsor and authorized the $150K budget.
2. Who will perform or manage the work day-to-day?	Andrew (PM); core team Bob (Dev), Bill (UX), Christine (Content).
3. Who will be positively impacted by the new website?	Marketing Lead, Sales Lead, the consultant community, and Fortune 500 prospects who interact with the site.
4. Who could be negatively impacted or inconvenienced?	IT Operations during the cut-over; the consultant community is asked for bio/content contributions on top of client work.
5. Who supplies resources (people, money, materials, tools)?	Mary (budget); functional managers (allocation of Bob/Bill/Christine); the hosting/CMS vendor.
6. Who has technical or domain expertise the project needs?	Bob (web development), Bill (UX/accessibility), Marketing Lead (brand, SEO), Legal (privacy, accessibility law).
7. Who currently uses or relies on the existing website?	Marketing (for content), Sales (for inbound leads), and external prospects.
8. Who could block or significantly accelerate the project?	Mary (final brand approval — bottleneck risk); Legal (compliance sign-off); IT Operations (hosting cut-over).
9. Who are the end users of the deliverable?	External: Fortune 500 prospects. Internal: Marketing (content authoring), Sales (lead intake).
10. Are there regulatory, compliance, or audit bodies involved?	Yes – Legal/Compliance for GDPR (data privacy) and WCAG 2.1 AA (accessibility).
11. Are there external vendors, partners, or suppliers?	Hosting / CMS vendor; possibly a stock-image or photography vendor.
12. Who will operate or support the deliverable after launch?	Marketing Lead (content) and IT/Hosting Operations (infrastructure).
13. Are there any silent or under-represented stakeholders to include?	Consultants in non-English-speaking regions whose bios need translation; users with accessibility needs.
14. Who is interested in the project outcome but not directly involved?	Other functional leaders (HR, Finance) for visibility; future client prospects.
